Gamma Chapter of Theta Gamma was organized March 17, 1920 and secured their Charter October 28, 1930. Members of the Bachelors’ Club and the Knights of Aggies contributed to the charter membership.

Theta Gamma is a state-wide fraternity with plans visualized for making it national in scope. Members are elected from both the agricultural and electrical student groups. The house is owned by the members and the fraternity enjoys an excellent financial rating.

During the past year the house has been redecorated both inside and out and the landscaping greatly improved. New furniture and a complete heating system have added to its comfort and attractiveness.

The life and fellowship enjoyed in Theta Gamma promotes a finer idealism through character building leading to the living of a fuller and richer life.
