BETA TAU BETA

Beta Tau Beta was founded this year to fill the need for a closer religious and social contact among the Jewish students of the State School of Agriculture. This is the first year that enough students of the Hebrew faith were in attendance to form any such organization. It received much encouragement and advice from Director Orvis and various members of the faculty during its conception and subsequent operation. Plans are under way to acquire a permanent residence for the members of the fraternity for next year.

The Alpha Chapter of Beta Tau Beta was formed at the Agricultural and Technical Institute on November 4, 1940, by a triumverate consisting of Norman Gebowitz, Melvyn Palius, and Albert Shaw. It was created with the main purpose in mind of forming a closer bond of fellowship and understanding between the boys of Jewish faith in the Institute.

The goal of the group for the coming school year is to obtain a house for Beta Tau Beta and also to actively participate in the campus life of Alfred University.
