KAPPA DELTA SIGMA, BETA CHAPTER

Last February, Kappa Delta Sigma celebrated its first annual Founder's day enjoying a dinner and general get-together at the fraternity house. Charter and honorary members of the organization were honored.

The first year of operation has been one of unusual activity; financing the purchase of a house on South Main St. last spring, altering, redecorating, and organizing the social program has been a severe test for the officers. By these efforts, the fraternity has tripled in membership, has met its financial obligations according to schedule and has conducted a worthwhile social calendar.

Those of us who have worked on the problem of building a worthwhile social organization and have enjoyed the fellowship found in Kappa Delta Sigma realize that a successful start does not necessarily mean a strong finish. We have had a good year. We will work for many, many more good years.

KAPPA DELTA SIGMA

BETA CHAPTER

Coming into their stride in their second year of organization Beta Chapter of Kappa Delta Sigma sponsored an intramural basketball team, co-operated with Theta Gamma in a joint dance and moved with the Alpha chapter at Morrisville towards formation of a grand council.

With the establishing of a grand council composed of representatives from each chapter, plans will be set up for organizing new chapters in the other State Institutes.

On February 15, the fraternity held its second annual Founders’ Day at the house on South Main Street, with Director Orvis as guest speaker and other faculty honoraries present.

Officers of the 1941-42 organization are: President, John Luttrell; Vice-President, William Hurd; Secretary, Wayne Schweigert; Treasurer, Byron Worthing; Chaplain, Andrew Nicholls; House Manager, Charles McNeilly.
