Delta Chi Omega

Delta Chi Omega stands for devotion, chastity, and open-mindedness. It is through these virtues and the ideals set up by the sorority that each member becomes an individual in an environment of conformity. Delta Chi was founded in 1954 and united with its brother fraternity, Kappa Sigma Epsilon, in 1955.
Since the sorority’s formation in 1954, many girls have come to learn the true meaning of the word “sisterhood”. This year we, too, have experienced the rewards of sisterhood. With Marcia and Mom to guide us, we undertook the major projects of the year. Success or not, we found satisfaction in having worked together, knowing we put forth our best. Then, too, there was always the assurance of having one of our sisters there to lend a sympathetic ear or share in our most treasured moments.
